

FULL SUN

Grasses, Ferns, Trees & Shrubs

Physocarpus opulifolius (Ninebark)

By choosing the right plants for your garden space and light conditions, you can enjoy blooms throughout the season!

“Full sun” plants generally require at least 6 hours of direct sun exposure per day. They tend to thrive in bright, open, sunny areas. Make sure to check individual tags and signs for specific cultural requirements.

See reverse side for Cedar Circle plant list.

FULL SUN Perennial Grasses, Ferns, Trees & Shrubs

Cedar Circle Farm & Education Center, 2025
